### **Integration with society by sodomite organisations which is leading to an acceptance of this perversion**

Further information arising from the probing questions of a Christian under the "Freedom of Information Act" shows how the pro-sodomite lobby has infiltrated local government bodies since the moral sell-out by the Stormont power-sharing Executive in 2007.

Dear Sir,

Thank you for your email dated 22nd July 2011 and your request for information therein.

Under the Freedom of Information Act 2000 you have requested information in relation to funding provided by Down District Council to lesbian, gay or bisexual groups or events in the last 5 years. I confirm your request has now been processed as a request under the Act.

I am advised that no funding has been paid to lesbian, gay or bisexual groups or events in the last 5 years. I understand from the Down District Policing Partnership (DDPP) that the DDPP have been represented for the last 5 years on the Down Diversity Forum. The Forum also has representation from the GLAD (Gay & Lesbian Forum). In addition DDPP undertook consultation with members of GLAD in 2008/09.

I trust this is of assistance. However, should you be unhappy with our response in this matter you may request an Internal Review of our response and you may contact us about that. In the event that you are unhappy with the outcome of any Internal Review conducted by the Council you may apply to the Information Commissioner's Office (ICO) for a review of our response. Please note the ICO generally expects Internal Reviews to be completed prior to reviewing the decisions of public bodies. For further information in relation to Freedom of Information I would direct you to the website of the Information Commissioner at: [www.ico.gov.uk](http://www.ico.gov.uk)

If you wish to discuss the above please do not hesitate to contact me directly.

Regards,
