US bishop's attack upon the person of Christ

Robinson — an exceedingly evil man!

US Episcopal Bishop Gene Robinson, the first openly sodomite bishop of his denomination, has angered traditionalist Anglicans by suggesting that Jesus Christ might have been a sodomite.

Robinson, who left his wife – and mother of his two daughters – to live with a man, made his inflammatory remarks during an address at Christ Church of Hamilton and Wenham, Massachusetts. The bishop was asked by a person present how Christians could both accept sodomy and the Bible's emphasis on redemption for sins. Doubtless, his words will further split the Anglican communion of which the Church of Ireland is an integral part.
