Christian school enters its 25th year

Kilskeery Independent Christian school opened its doors to 13 pupils on September 2nd 1979. This new term marks the beginning of its twenty-fifth year. Recent GCSE and A-level results greatly encourage all linked to the school to continue to look to the Lord for His blessing on the new year.

Latest examination results

Mrs. Ann Foster BA, founding principal, reports on the latest examination results. "Kilskeery Independent Christian school has cause once more to praise God for the results received in the GCE A, AS and GCSE examinations. All the candidates achieved commendable results.

A and B grades predominated. Our A-level candidate has accepted a place in Coleraine University. AS Candidates will continue their studies for A2 in a range of subjects: English Literature, History, Physics, Chemistry, Biology, Sociology and IT. Two of our GCSE pupils will return to study at AS level. Two will engage in full-time vocational studies at colleges of further education. Others will seek employment with a view to further training in day release schemes.

Above all we rejoice in spiritual progress seen in our school leavers and we pray that God will stablish, strengthen and settle them as Christians."
