Pro-abortion campaign in Northern Ireland

An issue about which Christians in Northern Ireland should pray is the terrible campaign by pro-abortionists here in Ulster. Not only has Westminster imposed the most liberal abortions laws upon us, chiefly at the behest of Sinn Fein sympathisers, it has to be said, but now the Alliance Party's only Westminster MP, Dr Stephen Farry, is calling for the recent decision to make available a pill for expectant mothers in England to use at home, to bring on the abortion of a baby to be extended to Northern Ireland.

BBC

The BBC reported recently: "Patients in England can now have home abortions during the Covid-19 outbreak, the government in England has said. Abortion Policy has changed several times during the current pandemic. Women and girls wanting to terminate an early pregnancy were first told the service would be available but that decision was then retracted. Now, the government has decided patients can take two pills at home instead of going to a clinic to avoid exposure to coronavirus." (<https://www.bbc.co.uk/news/newsbeat-52092131>)

Support for this scheme to be initiated in Northern Ireland also has been voiced by Dr Stephen Farry.

This needs to be addressed. At present, local women are falling between the actions taken to date by @NIOgov via Westminster and actions that @healthdpt should now be taking to keep NI in line. This is a Covid-19 related issue, not something to put to bottom of to do pile.

England has now introduced measures to allow women to take both #abortion pills at home.
It makes no sense that women in Northern Ireland are being denied this option – it's unfair, dangerous and is putting them at risk.

Northern Ireland: Option to take both abortion pills at home urgently needed during pandemic

Here is a screenshot of his comments on Twitter.

What sort of philosophy is it that demands the murder of the unborn babies in order to avoid the possibility of catching a disease which has been proved to be fatal in only a minority of cases!

Christians in Ulster should urge their local elected representatives to oppose this wickedness immediately and also prayerfully support Jim Allister of the TUV in his lonely efforts to defend the unborn.

Pro-abortion — Pro- murder!!!

The pro-abortion lobby support the murder of the unborn! What a wickedness this is! And it is all the more so, given the evidence of the Lord's hand presently on

the nations in judgment.

But such as Stephen Farry care for none of these things. Sinful, unregenerate man has ever been defiant and rebellious in the face of God's Word, whether it be spoken in mercy or in judgment.

However, there is a day coming soon when all defiers of God will, shall be forced to submit to the mind and will of God and acknowledge Christ as the Lord of all.

"Wherefore God also hath highly exalted him, and given him a name which is above every name: that at the name of Jesus every knee should bow, of things in heaven, and things in earth, and things under the earth; and that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father," Philippians

Sadly, such a confession will be too late, coming as it does under the constraint of God's over-ruling sovereign power in judgment rather than born of the moving of the sinner's heart by free grace to embrace Christ as Saviour and humbly bow before His feet in adoration and worship.

Sincere regards to all,

Ivan Foster.
