LTBS GOSPEL BROADCASTS UNDER WAY

Let the Bible Speak weekly 15 minute gospel programmes began on April 5th on Radio Star Country, broadcasting from Co. Monaghan on 981 medium wave.

Despite a shaky start when it appeared that the station was going to stop our broadcast after only one week because it received some protest phone calls, the programme continues to go out in answer to prayer.

Christian, if you can tune in for the broadcast, do so and write to us and let us know your thoughts. Continue to pray for us.
