Ian Paisley Jun. excluded from Stormont

Ian Paisley Jun. talking to the press.

Ian Paisley Jun. has been excluded from Stormont for a day following a ruling by the Speaker, Lord Alderdice, that Mr. Paisley was wrong to call the Minister of Education, Martin McGuinness of Sinn Fein, a liar.

If there was wrong-doing on the part of Mr. Paisley Jun. it was only that he did not go on to call him a multiple murderer and long-time terrorist! It is no secret that Martin McGuinness led the IRA unit in his native city of Londonderry in the darkest days of IRA violence. Many people, Protestant and Roman Catholic, were murdered by that unit. He then went on to become leader of the whole IRA killing

machine. Calling him a liar is like calling Hitler rude!!!
