### Protests at the Papal Antichrist's Visit to USA

*The following is a report with links to videos by a brother, Sean Cummings.*

*This brother is unknown to me but I present his report for it is encouraging to know that there are those ready and willing to undertake the daunting task of entering into large multitude of fervent Romanists who would not welcome such a witness.*

*May the Lord bless this effort and honour the distribution of His Word amongst the poor sinners gathered to honour a man the Westminster Confession of Faith rightly calls: "There is no other head of the Church, but the Lord Jesus Christ; nor can the Pope of Rome, in any sense, be head thereof; but is that Antichrist, that man of sin, and son of perdition, that exalteth himself, in the Church, against Christ and all that is called God." (Chapter XXV, paragraph VI.)*

*Rev Ivan Foster.*

---

Brethren,

Here is a brief recap of how the evangelism went during the pope's visit to Washington DC and Philadelphia this past week. We praise God that He gave us utterance of the gospel, He enabled His word to go out with power and little to no oppression, and that He gave us boldness to share so much of what is wrong with Romanism. He also kept us safe in the face of adversity. In Washington DC, we found out that on Wednesday that undercover cops had been assigned to us to ensure our safety, and in Philadelphia on Saturday, six cops walked us back to our hotel.

9/23, 4am - A group of 6 of us (my wife - Stefanie, Joe, Mikey, David, Ronnie and myself) got dropped off a couple of blocks from The White House. The son of perdition was to speak to the president among others at 9:15. Shortly thereafter, the pope was going to ride in his buggy in a short parade, in a horseshoe around The White House. There were four check points to get into the parade route. The security was lead by TSA, who is most frequently seen at our airports. The original intention was to let those that wanted to see the parade in through the checkpoints between 4-10am. We intended to preach to those entering during those times. Praise God, however, that the folks that got there the earliest were not let in at 4am; hence, they were stuck at the gates for another hour or so. We came upon the first check point, and we could barely contain ourselves. With fires in our bellies, we began to preach (not Stefanie), hand out tracts, and share the word with those that were on hand. The man that was the primary mocker was continually blowing a whistle and trying to get the crowd to chant "let's go Francis". By the time we left that area, his attitude had changed, so we believe the Lord penetrated his heart to some degree. Hallelujah.

After the check points opened, there were still thousands of people in the area, the majority of which were all wondering after the beast. But the Lord showed Himself faithful, by putting us just where He wanted us. By His grace, we flooded the entire area with the gospel, walking nearly the entire perimeter of the parade and The White House with our signs, tracts, and bull horns.

The signs included but were not limited to "The Pope Is Antichrist" (2), "Call No Man Father", "You Must Be

Born Again", "Now Is The Day of Salvation", "God's Word Only; Not Traditions of Men", and "There Is One God And One Mediator Between God and Men; The Man Christ Jesus". We also had 2 triple decker signs that went into great depths describing the ASTRONOMIC (NIGHT AND DAY) difference between the pope and the Lord Jesus.

We encountered a group of evangelists from the west coast around that time as well; they covered the end of the parade route, so we praise God for that.

That afternoon, we made our way to the "Basilica of the National Shrine of the Immaculate Conception" to preach to those that would be attending the 4pm mass in which the pope would "canonize" Junipero Serra. The Lord gave us great favor there as well. There were security checkpoints, and those that had shown up early, unbeknownst to them, were going to hear an hour or more of the true gospel along with Romanism exposed!

Many of those in line were Latinos, so praise the Lord that brother Michael Leal was with us from Seattle. Mikey is bilingual, so by God's grace, is able to share the word in both English and Spanish.

After the mass, we went to another exit/entrance, where tens of thousands poured out to hear the word of God being preached! Amazingly, we were able to hand out over 2,000 tracts on that day, to include over 1,500 "Urgent Plea For Roman Catholics" tracts, even though by the signs and the preaching, it was abundantly clear that we were there as a rebuke to this Antichrist system.

The next day was slightly quieter. (Our brother Bruce was eager to join us...but unfortunately car trouble prevented him from doing so. Lord willing, he'll come back with even more zeal at next year's March for Life.) The pope was speaking at the US Capitol building, which was fenced off seemingly over a mile in every direction. We were able to preach from "outside the camp" and preach with power at that. Brothers Ronnie and Mikey and David found an exit in which (another) tens of thousands of people were exiting, so during those two days in WDC, we estimate that over 100,000 people saw the signs and heard the word.

That evening, we went to the Washington Nationals game to preach. Although the man of sin was no longer in the city, there was still a spirit of ungodly intoxication. I was spit at by two different people, and spit on by one of them, and for the first time ever, I was told that I "ought to be burnt at the stake". Perhaps that is a foreshadowing of things to come. This is the first Jesuit pope (see Jesuit Oath).

The night of Friday, 9/25, Dave, Ronnie, Mikey and I made our way to Philadelphia. On Saturday morning, we walked the 1/2 mile to the area where the majority of the festivals of popery would be taking place. We had extreme favor with the police - only once (in two days) were we asked to turn our volume down. Again, we hit key entry points, and from 8am-7pm, the Romanists just kept coming! We were able to preach to them while they waited in line, in addition to every major walkway in that area.

And those that were in line were held captive by the word of God!

We praise God that Randy was able to join our brothers from Jeremiah Cry, who were at the event as well, sharing the gospel.

On Sunday, 9/27, there was definitely a spirit in the air - the spirit of Antichrist. There were no security check points on that day, and the "mass" on Ben Franklin Parkway was not a ticketed event. The people started coming around 9, but at noon, it really picked up.

## **The Burning Bush - Online article archive**

The majority of the people despised the word of God, but we saw noticeable changes in a half of dozen people. We know that the Lord is doing so much more beneath the surface! Yet, the people tried to oppress the word most of the places we went. One man was following Ronnie around with bagpipes, we were assailed by dozens of children led by a priest chanting "Jesus Loves You", and on multiple occasions, a Latino drum circle would start....like this:

But mightily the word of God of God grew and prevailed!

Watch the grace the Lord gave Brother Ronnie to stand firm in this sea of idolaters.

Brethren, we are so thankful for your prayers for us, as well as your support in every other way. You helped to get the gospel out, as well as a serious, and most necessary warning to hundreds of thousands of Romanists. We honestly did not know what our end would be after this mission. We would not have been surprised if we had been threatened, imprisoned, or even injured. The Lord's hand was upon us at all times.

God bless!

Sean & Stefanie Cummings
